ASDA Heroes Project and Donations

Dear Parents and Carers,

We are delighted to share that our school will once again be taking part in the ASDA Heroes Project, and we would love your support!

Alongside this year's project, we will also be continuing and maintaining the work we began last year by developing our wildlife beds near the new orchard. This ongoing effort will help us further enhance biodiversity within our school grounds and provide a rich habitat for a variety of pollinators and other wildlife.

This is a fantastic opportunity for our pupils to learn about the importance of caring for the environment while making a meaningful and lasting impact. As part of the project, we will be planting a range of flowers and plants that attract pollinators such as bees, butterflies, hoverflies, and ladybirds.

To help bring this project to life, we are kindly asking for support in the following ways:

- **Donations of plants** – particularly those that attract pollinators, such as lavender, buddleia, marigolds, sunflowers, foxgloves, wildflowers, and herbs like thyme, mint, and rosemary.
- **Spare gardening tools** – trowels, gloves, watering cans, or anything that may help with planting.
- **Compost or soil** to help our plants thrive.

If you are able to contribute in any way, **please send any donations into the school office on Wednesday 10th June.**

Thank you for your continued support in helping us create a greener, more eco-friendly school environment. Together, we can make a real difference for our children and local wildlife.

Yours sincerely,
Miss K. Ward and the STEM Ambassadors
