

14th November 2023

Dear Parents/carers

RE: Parent maths workshop – Everyday maths and maths in the Early Years

I am very pleased to inform you that we will be running a maths workshop on Friday, 24th November 2023, to start at 2.15pm. This session is designed to support parents and carers to have a greater understanding of how maths is developed in the Early Years and how mathematical talk can be developed at home. The session will take place in the Forest Hall and so parents should enter school for the workshop via the main office. The session will finish at approximately 3pm to allow for children to be collected from their classes at the end of the school day.

I hope you able to join us and would be grateful if you could confirm your attendance at the meeting using the following link.
