SEND Parents Forum: Shaping Our Future Together

Dear Parents and Carers,

We would love to invite you to our next Parents Forum with Mr Martin and Mrs Kirsopp on Wednesday 17th June at 9:00 am in the school hall (Forest Hall). At Willow, we want every single child to feel happy, safe, supported and they belong and we are looking for you to help us shape and develop the experience and provision for our children with SEND.

This meeting will be all about Inclusion and SEND (Special Educational Needs and Disabilities) and we are looking specifically for parents and carers of children with identified SEND to join us.

The meeting will be positive, forward-thinking and a chance to work as a team and plan our next steps and take feedback about what's working well and aspects for further development from your perspective.

To help us get the most out of our time, please look at what this meeting is and is not for:

- This meeting IS for: Sharing good ideas and working together
- This meeting IS NOT for: Talking about individual cases or queries relating to a pupil.

This forum is all about working together. If you want to help us make a real difference for the future of our school for children with SEND, we would love to see you there!

If you intend to join us or can't attend in person but want to make a suggestion, please complete the short form here: <https://forms.gle/V2bmRLweIXesKTPIA>

Kind regards,

The Willow Primary School Team

Mrs Sumner
Executive Principal

Mr Martin
Head of School
