Year 5 Fieldtrip, visits and experiences – Plan for 22/23

Dear Parents/ Carers,

Children having first hand experiences, field trips and visitors into school are a very important part of the learning process and we always aim to provide our children as many experiences as we can within our curriculum.

Yearly we allocate funding within our budget to provide experiences for the pupils within school, including sporting events, visitors in to school such as authors and learning musical instruments. However, we do need to ask parents to contribute to pay for additional experiences, or fieldtrips. Due to budget constraints we are unable to provide some experiences and fieldtrips without payment from parents and families.

The costs of fieldtrips, experiences and visits are equally divided between all the children involved and are always specially chosen to increase the children's understanding and engagement in the topics they are learning in class.

The following trips have been planned for the next school year. We are aware of the current rise in prices affecting our families household incomes and therefore want to provide you with as much notice as possible to allow you to budget accordingly.

Ancient Egyptians Day	23.9.22	cost approx. £15.50
National Coal Mining Museum	13.1.23	cost approx. £15.00
Mosque Visit	May 23	cost approx. £6.50

By October, these events will appear on your child's ParentPay account so that payment can be made in instalments throughout the year.

Any trips organised for September' 22 will be available on Parent Pay to make payments on through the summer holidays.

Unfortunately, if we do not receive enough payment for the trips, visits and experiences from parents, they may not be able to go ahead and we hope you will support the school with this.

Yours Sincerely,

Mrs Sumner
Principal
