Religious Education

Over the next few weeks, in Religious Education, Year Six will be investigating how different religions and spiritual ways of life teach about hard times, focussing on exploring death. We will be using the book 'Heaven' by Nicholas Allan as a stimulus to generate questions around death and dying and using the story as a distancing device for the children.

During the inquiry we will look at the beliefs of Christians, Hindus, and Muslims, including their ideas about death, the afterlife, heaven, reincarnation and karma.

If you have any questions or concerns about this unit of work, please do not hesitate to contact us.

Yours sincerely

Miss K. Ward

Year 6 Class Teacher.
