23rd January 2022

To Parents of children in Year 4 Owls Class,

Following my letter to you on Friday about rising cases in Owls class, we have been notified of several more positive cases of Covid, including members of staff, over the weekend.

Due to the number of cases, we will now use our Outbreak Management Plan to manage the situation. From tomorrow, we will put the Owls class into a separate bubble and fully isolate them from the rest of the school. Their lunch will be served in the classroom and their social space will be separate to other children. Adults will wear masks at all times in the classroom.

If your child has not tested positive for covid already, I urge you to test your child using a Lateral Flow Test before they come to school tomorrow morning - many of the current cases have been asymptomatic so it's really important we all check and work together on this.

I understand this may be concerning and I assure you that we will take every measure possible to continue with lessons as normal. Remote Learning will be available to any children who have tested positive (if they feel well enough to do it) and the Owls Teachers will be in touch with information about this.

If your child displays any symptoms that may suggest covid when in school, we will require them to be collected and tested.

Thank you for your understanding and support.

Yours Sincerely
Mrs Sumner
Headteacher
