

WILLOW PRIMARY SCHOOL FOREIGN LANGUAGE INTENT, IMPLEMENTATION & IMPACT POLICY

Intent

Willow Primary School intends to use the Language Angels scheme of work and resources to ensure we offer a relevant, broad, vibrant and ambitious foreign languages curriculum that will inspire and excite our pupils using a wide variety of topics and themes. All pupils will be expected to achieve their full potential by encouraging high expectations and excellent standards in their foreign language learning - the ultimate aim being that pupils will feel willing and able to continue studying languages beyond key stage 2.

The intent is that all content will be continuously updated and reviewed annually, creating a dynamic programme of study that will be clearly outlined in both long-term and short-term planning. This will ensure that the foreign language knowledge of our pupils progresses within each academic year and is extended year upon year throughout the primary phase and, in so doing, will always be relevant and in line with meeting or exceeding national DfE requirements.

The four key language learning skills; **listening, speaking, reading** and **writing** will be taught and all necessary **grammar** will be covered in an age-appropriate way across the primary phase. This will enable pupils to use and apply their learning in a variety of contexts, laying down solid foundations for future language learning and also helping the children improve overall attainment in other subject areas.

Implementation

All classes will have access to a very high-quality foreign languages curriculum using the Language Angels scheme of work and resources. This will progressively develop pupil skills in foreign languages through regularly taught and well-planned weekly lessons in KS2, which will be taught by Mrs Boyles and Ms Holmes.

Children will progressively acquire, use and apply a growing bank of vocabulary, language skills and grammatical knowledge organised around age-appropriate topics and themes - building blocks of language into more complex, fluent and authentic language.

All teachers will know where every child is at any point in their foreign language learning journey.

The planning of different levels of and which units to teach at each stage of the academic year will be addressed dynamically and will be reviewed in detail annually as units are updated and added to the scheme. Lessons offering appropriate levels of challenge and stretch will be taught at all times to ensure

pupils learn effectively, continuously building their knowledge of and enthusiasm for the language(s) they are learning.

Grammar is integrated and taught discreetly throughout all appropriate units. Teachers can also use the specific **Grammar Explained** units to ensure pupils are exposed to all of the appropriate grammar so they are able to create their own accurate and personalised responses to complex authentic foreign language questions by the end of the primary phase.

Impact

As well as each subsequent lesson within a unit being progressive, the teaching type organisation of Language Angels units also directs, drives and guarantees progressive learning and challenge. Units increase in level of challenge, stretch and linguistic and grammatical complexity as pupils move from Early Learning units through Intermediate units and into the most challenging Progressive units. Units in each subsequent level of the teaching type categories require more knowledge and application of skills than the previous teaching type. Activities contain progressively more text (both in English and the foreign language being studied) and lessons will have more content as the children become more confident and ambitious with the foreign language they are learning.

Early Learning units will start at basic noun and article level and will teach pupils how to formulate short phrases. By the time pupils reach Progressive units they will be exposed to much longer text and will be encouraged to formulate their own, more personalised responses based on a much wider bank of vocabulary, linguistic structures and grammatical knowledge. They will be able to create longer pieces of spoken and written language and are encouraged to use a variety of conjunctions, adverbs, adjectives, opinions and justifications.

Pupils will continuously build on their previous knowledge as they progress in their foreign language learning journey through the primary phase. Previous language will be recycled, revised, recalled and consolidated whenever possible and appropriate.
